Finding perfect properties

Case Study

Atlas Building, City Road, City Fringe, EC1

Price: £2.015 Million **Date purchased:** July 2015

The Client

A Cypriot Investor.

The Challenge

Our client was looking for an off-plan investment in a location that would give the best possible chance for capital growth over the medium to long term.

The Perfect Conclusion

We identified a three bedroom apartment located on the 28th floor with two private balconies within this impressive off plan development. City Road and the surrounding area has been labelled the “Silicon roundabout” of London having attracted a large number of tech firms. The area will also benefit from major transport infrastructure upgrades over the next 3-5 years, making this an attractive investment opportunity.
