Our Client

A Russian tenant

The Challenge

Our Russian client was looking for a three bedroom furnished apartment in the middle of Mayfair. We shortlisted a number of options however he did not like the style and quality of the furniture in any of the properties and was not prepared to look outside of his search area.

The Perfect Conclusion

We identified a stunning first floor apartment overlooking Mount Street, which is regarded as one of the best addresses in the area, however it was only being offered on a unfurnished basis. Through our extensive network of contacts we were able to introduce our client to a furniture company who were able to design a bespoke solution for him.
